

About the ENNEAGRAM

The ENNEAGRAM is an ancient wisdom that gives insight into the motivating forces within the human person.

It is not strictly about personality profiles; rather it is about the origins and nature of human compulsive tendencies and the ways in which they can, when we are not conscious of them, drive us into unhealthy behaviours and attitudes. This unhealthiness damages the fabric of our interpersonal relationships, falsifying our self-perception and corrupting our capacity for love, to love, and to be loved. Divine Grace requires our cooperation, and our lack of awareness of these hidden forces within ourselves limits this. When we become conscious of what is at work in us we find a pathway that brings truth, freedom and a growing delight in the presence of God.

The Facilitator:

Chris Chaplin msc became interested in the ENNEAGRAM in 1988. After studies in the ENNEAGRAM in 1992 and since, Chris has used this tool for over 20 years as he walked with people as a Spiritual Director (graduate SILOAM, Heart of Life, Melbourne 1994) and while at St. Mary's Towers Retreat Centre, Douglas Park (2006 to 2009).

Chris has facilitated workshops on the ENNEAGRAM in South Australia and NSW over the last five years, exploring the place of compulsion and freedom from it in the human journey with God.

He brings to this his many years' experience as a psychotherapist/counsellor (member of the Assoc. of Transpersonal & Emotional Release Counsellors Inc. - ATERC - a constituent association of the Psychotherapy and Counselling Federation of Australia (PACFA).

He lives the life of a hermit at Shoreham on Victoria's, Mornington Peninsula, where he actively engages with his own interior life through prayer and practise.

The Enneagram & Our Path to The Divine

6 Day Guided Retreat

20th - 26th October, 2017

St. Mary's Towers Retreat Centre
Douglas Park, NSW

About this RETREAT

While it will be important to grasp the fundamental concepts of the ENNEAGRAM in order to appreciate and enter into this week of retreat, it is a retreat process. Each day will begin with a guided meditation, based on the principle of the ENNEAGRAM to be considered that day. The meditation will be followed later in the morning, with a session elaborating that particular principle.

The ENNEAGRAM is something we live, so we will be exploring that lived experience from how it feels on the inside, rather than starting from concepts.

We will explore how the ENNEAGRAM speaks to our unique and individual relationship with God. We will explore both the nature of our movement away from God (sinfulness and compulsion), and the movement of our hearts towards God (redemption and gift).

Each pathway in the ENNEAGRAM calls for its own particular understanding so we have the opportunity to take what resonates for us into prayer, and to our companion in spiritual direction if we wish.

An evening Rite of Reconciliation and Anointing will be celebrated as we passage through our compulsivity, into greater freedom.
